John,

We shipped one cooler of samples yesterday for overnight delivery to OASQA Lab for DAS R34317/CT6665. The shipment included 3 samples for MCHM/PPH and four samples for trace VOAs. Samples were shipped via Fedex Airbill # [7977 9894 8823](#). The regional copy of the COC with QC sample info is attached.

We anticipate the next and final shipment of samples on Feb 5th, if the groundwater sampling proceeds on schedule.
